

Panagiota Karanikola

Panagiota studied Greek Philology at the National Kapodistrian University in Athens on a scholarship. She also completed postgraduate studies in the history of philosophy. Musically active since childhood, she plays guitar and has completed basic training in solfège, music theory, and harmony. She has attended vocal workshops and sung in choirs. She speaks fluent English and French and sings in five languages (Greek, English, Italian, French, and Spanish). Panagiota has participated in numerous concerts and events in hotels and other venues. Today, she teaches languages at the Argolida School of Art and performs vocally in various ensembles.
